PLENARY  
SESSION

YOUTH  
DAY

SIDE  
EVENTS > 40  
ROUND  
TABLES

It is gratifying that your meetings are becoming an established, eagerly anticipated event in the business calendar of the professional community. They bring together the heads of major energy companies, representatives of federal and regional authorities and the expert community, and serve as an authoritative platform for open, constructive debate on key industry issues.

V. Putin  
PRESIDENT OF THE RUSSIAN FEDERATION

MINISTRY OF ENERGY  
OF THE RUSSIAN FEDERATION

**Aleksandr Novak**  
Minister of Energy  
of the Russian Federation

Our forum attracts to the Russian capital the best professionals in the field of energy saving technologies and the development of energy efficiency. It is justifiably becoming one of the main Russian discussion platforms for considering measures to reduce the energy intensity of the economy and the prospects for sustainable energy development.

MOSCOW CITY  
GOVERNMENT

**Sergey Sobyenin**  
Mayor of Moscow

International Forum ENES is a major event in the field of energy efficiency and energy saving, combining the scientific and expert community, government and business structures from many regions of Russia and foreign countries. The Forum is an authoritative platform for presenting cutting-edge products and innovative solutions, sharing experiences and discussing current issues in terms of rational and economical use of energy resources.
