

JSC «Voronezh Semiconductor plant – Assembly»

(Russia, Voronezh)

LET'S
SHAPE
THE FUTURE
TOGETHER

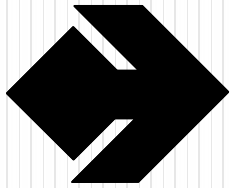

JSC «Voronezh Semiconductor plant – Assembly»

is

a major manufacturer of semiconductor devices.

We are among the leaders of Russian market.

Over 400 customers and more than 50 years of
experience.

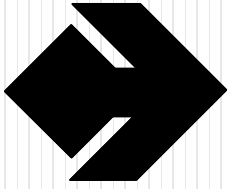

Our products & possibilities :

Products:

ICs in metal ceramic & plastic packages; RF transistors; Power semiconductor devices in metal ceramic, glass metal, plastic packages(TO-220,TO-257,TO-254, DPAK, D2PAK, etc); Schottky diodes; MOSFETs; IGBTs; accelerometers, neverending process of creating new products

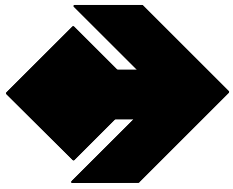

Possibilities:

1. Ready-to-go facilities for microelectronics industry (clean rooms etc)
2. Qualified human resources
3. Cooperation with local State universities and training colleges
4. Over 50 000 square meters of production and office space
5. Voronezh – city with strong manufacturing background including microelectronics, aerospace & aircraft industry

What we are looking for:

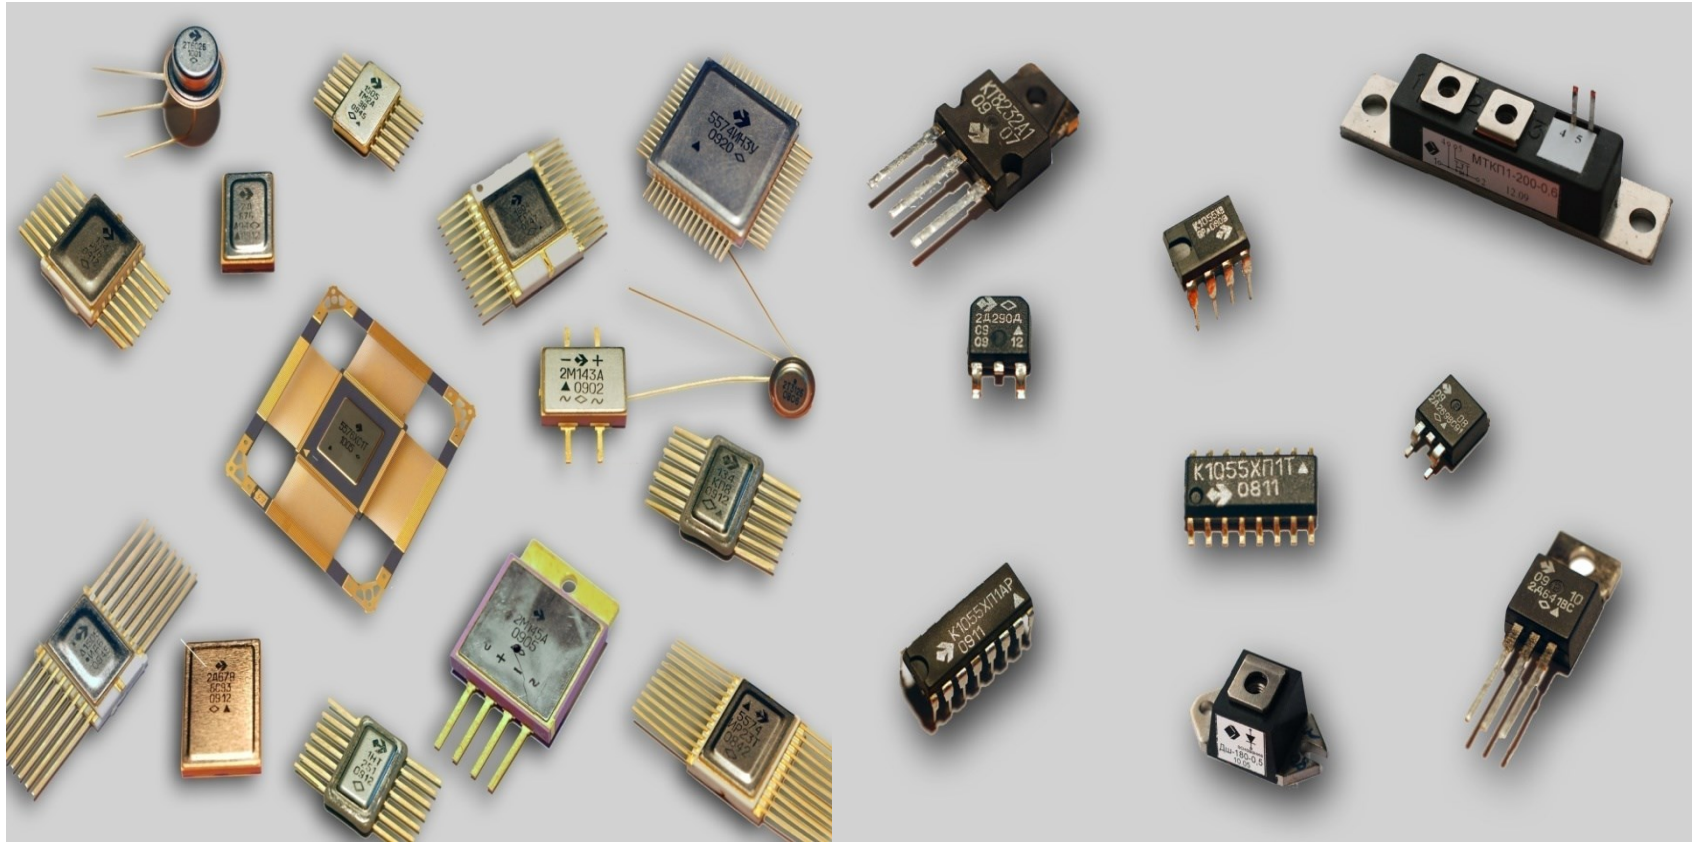

1. Direct connection with microelectronics industry companies worldwide
2. OEM manufacturing
3. Dealership on Russian market (we offer marketing solutions - our sales network has more than 400 costumers)
4. Collaboration in semiconductor design projects
5. New markets
6. New (joint) ventures
7. Various type of mutual advantageous cooperation
