

EXPORT POTENTIAL OF THE VORONEZH REGION

Dear readers!

Historically the enterprises of the Voronezh Region have been distinguished by innovation, high technology, competitiveness and good quality of their products.

Today, realizing the Strategy of Regional Economic Development, the local Government solves complex problems of economic modernization, turning it into innovative, more high-tech model, using for this purposes powerful intellectual potential.

The Catalogue, presented to your attention, shows convincingly that the list of companies that manufacture products for export is quite extensive. However, it has been steadily increasing.

According to the customs statistics, in 2010 the foreign trade turnover of the Voronezh Region amounted to more than 1764 million U.S. dollars, and by comparison with 2009 has increased by almost 63 percent.

The volume of merchandise exports in 2010 amounted to 924 million U.S. dollars, which is 42 percent above the previous year.

In the commodity structure of exports, products of the chemical industry are still dominant. There is a growing export of pharmaceuticals, fertilizers, products of inorganic chemistry, proteins, starch and rubber.

Engineering products, food products and raw materials have a significant place in the export structure.

I am sure that the Catalogue that you hold in your hands will help businessmen and entrepreneurs to develop strong and constructive commercial relations.

We are open for long-term cooperation and we create all the necessary conditions for it.

Welcome to our hospitable land!

Aleksey Gordeev,
Governor of the Voronezh Region

A handwritten signature in black ink, appearing to read 'A. Gordeev'.

FOREIGN ECONOMIC ACTIVITY OF THE VORONEZH REGION

According to the Customs Statistics data, foreign trade turnover of the Voronezh Region in 2010 amounted to 1764,4 million US \$, and, compared to 2009, increased by 62,8 %, with export increasing by 42,3 % (share of export in the foreign trade turnover – 52,4 %), import – by 93,5 % (share of import in the foreign trade turnover – 47,6 %). Balance of trade of 83,9 million US \$ was positive (against 215,3 million US \$ in 2009).

The share of foreign countries in the structure of foreign trade turnover was 53,3 %, the share of CIS countries – 46,7 %.

Enterprises and organizations of the Region traded with 9 CIS countries and 88 foreign countries. Among the foreign countries, the highest turnover was with Switzerland (21,4 %), Germany (11,8 %), China (11,9 %), North Korea (3,9 %), Italy (3,5 %), USA (3,4 %), Turkey (4,1 %), Czech Republic (3,9 %).

Among the CIS countries trading partners, Ukraine and Uzbekistan remain leaders with 59,1 % and 35,4 % correspondingly. As compared to the previous year, the turnover with these countries increased 1,9 and 2,2 times correspondingly. 2010 registered the increase of the turnover with Azerbaijan (by 22,2 %), Armenia (by 47,5 %), Kyrgyzstan (by 6,9 %), Moldova (by 64,8 %), Turkmenistan (by 4,6 %). At the same time, the turnover with Tajikistan and Kazakhstan decreased (by 19,1 % and 41,0 % correspondingly).

Export of goods in 2010 amounted to 924,1 million US \$, which is by 42,3 % more than in the previous year.

Chemical industry production remained prevalent in the structure of exported goods (72,1 %). In 2010, the Region exported considerably more products of inorganic chemistry (1,7 times more); pharmaceutical products (1,5 times more); fertilizers (1,2 times more); proteic substance, glue, starch (5,1 times more); plastic and plastic goods (1,3 times more); synthetic rubber (2,2 times more). The 2nd and 3d places in the structure of exported goods were taken by the machine-building production (11,4 %) and food products and raw materials (9,1 %). These groups are represented mainly by: nuclear reactors, boilers, equipment, electric machines, grain, sugar and confectionary, flour-and-cereals industry production.

The share of exported metal and metal products in the above-mentioned group of goods made 5,6 % in the total volume of export, and went up 3,3 percentage points; predominantly, it concerns the exports of ferrous metals goods to CIS countries.

Import of goods increased as compared to the previous year by 93,5 % and made 840,2 million US \$. The most of the specific weight (57,9 %) in the structure of import belongs to the production of machine-building industry; the share of food products and raw materials (cane sugar, fodder, oleaginous seeds and oil-bearing vegetables, fats, animal and vegetable oils, dairy products, live animals, vegetables and edible root-vegetables, fruit and nuts) in the structure of import is 18,7 %; metal and metal products – 8,0 %.

2010 showed increase in the volume of the following purchases from abroad: means of land transport (2,2 times); electrical equipment (1,9 times); railroad and tram locomotives (1,8 times); nuclear reactors, boilers, equipment (1,5 times); optical instruments and devices (1,2 times). At the same time, against 2009, the Region bought abroad a smaller number of boats and other vessels (3,8 times).

The food products commodity group was mainly represented by sugar, confectionary (3,6 times increase in the volume of purchases as compared to the previous year); oleaginous seeds and oil-bearing vegetables (1,3 times increase); food industry left-overs and waste (1,2 times increase); live animals (3,8 times increase); fats, animal and vegetable oils (2,7 times increase); fruit and nuts (19,7 times increase); vegetables and edible root-vegetables (50,9 times increase); dairy products (1,4 times increase). At the same time, against 2009, the Region bought less fish, shellfish and mollusc (4,8 times).

In the commodity group of metal and metal products, the volumes of purchases from abroad increased, and were mainly represented by: ferrous metal goods (2,6 times); non-precious metal instruments, cutlery (1,3 times); ferrous metals (1,4 times); aluminum and aluminum goods (3,0 times); copper and copper goods (3,5 times). At the same time, against 2009, the Region bought less of other non-precious metal (2,8 times), nickel and nickel goods (2,4 times).

AGRO-INDUSTRIAL COMPLEX AND FOOD INDUSTRY

JSC «AGROSERVICE-B»

Address: Russia, Voronezh, ul. Studentcheskaya, 170

Tel./fax: +7 (473) 260-60-41

Director: Vladimir N. Podgornov

Exports: parts for tractors and automobile engines, component parts for slings

Exported to: Uzbekistan

JSC “AGROTEKH-GARANT”

Address: Russia, 394087, Voronezh, ul. Lomonosova, 114/14

General Director: Valery A. Afanasyev

Exports: farming machines

Exported to: Byelorussia, Ukraine

JSC “VZE EXPORT”

Address: Russia, Voronezh, Moskovsky Prospect, 11, office 55

Tel.: +7 (473) 261-11-10, 261-10-14

e-mail: info@vzexp.ru

General Director: Vladimir I. Pugatch

Exports: excavators and parts

Exported to: Kazakhstan, Ukraine

JSC “GEA PHARMTECHNOLOGIESRUS”

Address: Russia, Voronezh Region, Novaya Usman, ul. Promishlennaya, 16

Tel.: +7 (47325) 132-75

General Director: Drexler Bjerne Heinz

Exports: milking machines detergents, udder care products

Exported to: Byelorussia

JSC «PLANT NAMED AFTER FRUNZE»

Address: Russia, Voronezh, ul. Krasny Oktyabr, 1A

Tel.: +7 (473) 236-46-98

General Director: Alexey G. Godovnikov

Exports: grading screen fabric for grain cleaning equipment

Exported to: Kazakhstan

JSC “ZERNOOCHISTKA”

Address: Russia, Voronezh, ul. Kosmonavtov, 17

Tel.: +7 (473) 263-22-60

E-mail: zernoochistka@intercon.ru

General Director: Stanislav B. Dombrovsky

Exports: agricultural machinery

Exported to: Kyrgyzstan, Byelorussia

JSC “TECHNIKA-SERVICE”

Address: Russia, Voronezh, prospect Patriotov, 75

Tel./fax: +7 (473) 270-02-72

E-mail: mail@tese.ru

General Director: Sergey V. Kustovinov

Exports: agricultural machinery

Exported to: Kazakhstan, Uzbekistan, Serbia

JSC "TREID-UNITE"

Address: Russia, 394026, Voronezh, ul. Tekstilshikov, 2

Tel./fax: +7 (473) 239-23-70, 239-23-60

E-mail: trade-uni@bk.ru

www.trade-unite.ru

Director: Elchin Abdulla ogli Ismailov

Exports: protein-vitamin-mineral concentrates for farm animals

Exported to: Kazakhstan

GROUP OF COMPANIES "EKONIVA"

Address: Russia, 394036, Voronezh, ul. F. Engelsa, 33 A, 4th floor

Tel.: +7 (473) 259-70-44 (multichannel)

General Director: Vitaly Y. Zubarev

JSC «VASO», established on the base of the Voronezh Aircraft Construction Plant, is one of the largest aircraft construction facilities in Russia.

Over the years of its existence, the Plant has produced more than 20 types of aircrafts, many of them, such as Il-2, Tu-16, An-12, Tu-144, Il-86 and Il-96, becoming turning-points in the domestic aircraft building. Under way is the implementation of the Program for the serial production of a new-generation regional passenger aircraft An-148; wide-body aircrafts of the Il-96 series; launching of the serial production of aircraft SSJ-100 units.

In the framework of cooperation with Government Enterprise «Antonov» (Ukraine), JSC «VASO» produces and delivers units for aircrafts An-148 and An-158. JSC «VASO» supplies units for A-320 assembly to «Airbus» Company (France).
