

# KAMCHATKA

## Investment opportunities

**PROJECT:**  
**Construction of electrical transformer substation**  
**"Seroglazka"**

# Construction of electrical transformer substation “Seroglazka”

- ❖ NAME: Construction of electrical substation “Seroglazka” 110/10KV in Petropavlovsk-Kamchatskiy city
- ❖ GOAL: Providing and ensure the needs in reliable and uninterrupted electricity supply of Central power Unit at the territory of Kamchatskiy region; framing infrastructure base for accelerated development of the region.
- ❖ TERMS of IMPLEMENTATION: 2015-2016
- ❖ FUNDS ADMINISTRATOR:  
Ministry of Energy the Russian Federation

# TECHNOLOGICAL STRUCTURE of CAPITAL INVESTMENTS

## ❖ TOTAL INVESTMENT COSTS:

**805 700 M Rub**, including:

### ❖ Building and construction works:

523 720 M Rub

### ❖ Purchase of machinery and equipment:

265 880 M Rub

### ❖ Others:

16 100 M Rub

# SOURCES of FINANCING

- ❖ FEDERAL FUNDS (Federal Government budget):

**725 130 M Rub**

- ❖ BUDGET of the constituent entity of the Russian Federation (Kamchatskiy Region)

**80 570 M Rub**

# QUANTITATIVE INDICATORS of the PROJECT

- ❖ Construction of electrical substation

**Transformer power 32MegaVolt Ampere**

**Promising electrical load 29 057 KW**

- ❖ RATION of total investment costs to quantitative indicators of the project

$$805,70/32=25,18$$
