INTERNATIONAL RAILWAY Congress 2020

26-27 MARCH 2020
AUSTRIA // VIENNA
www.rail-congress.com

COORGANIZER

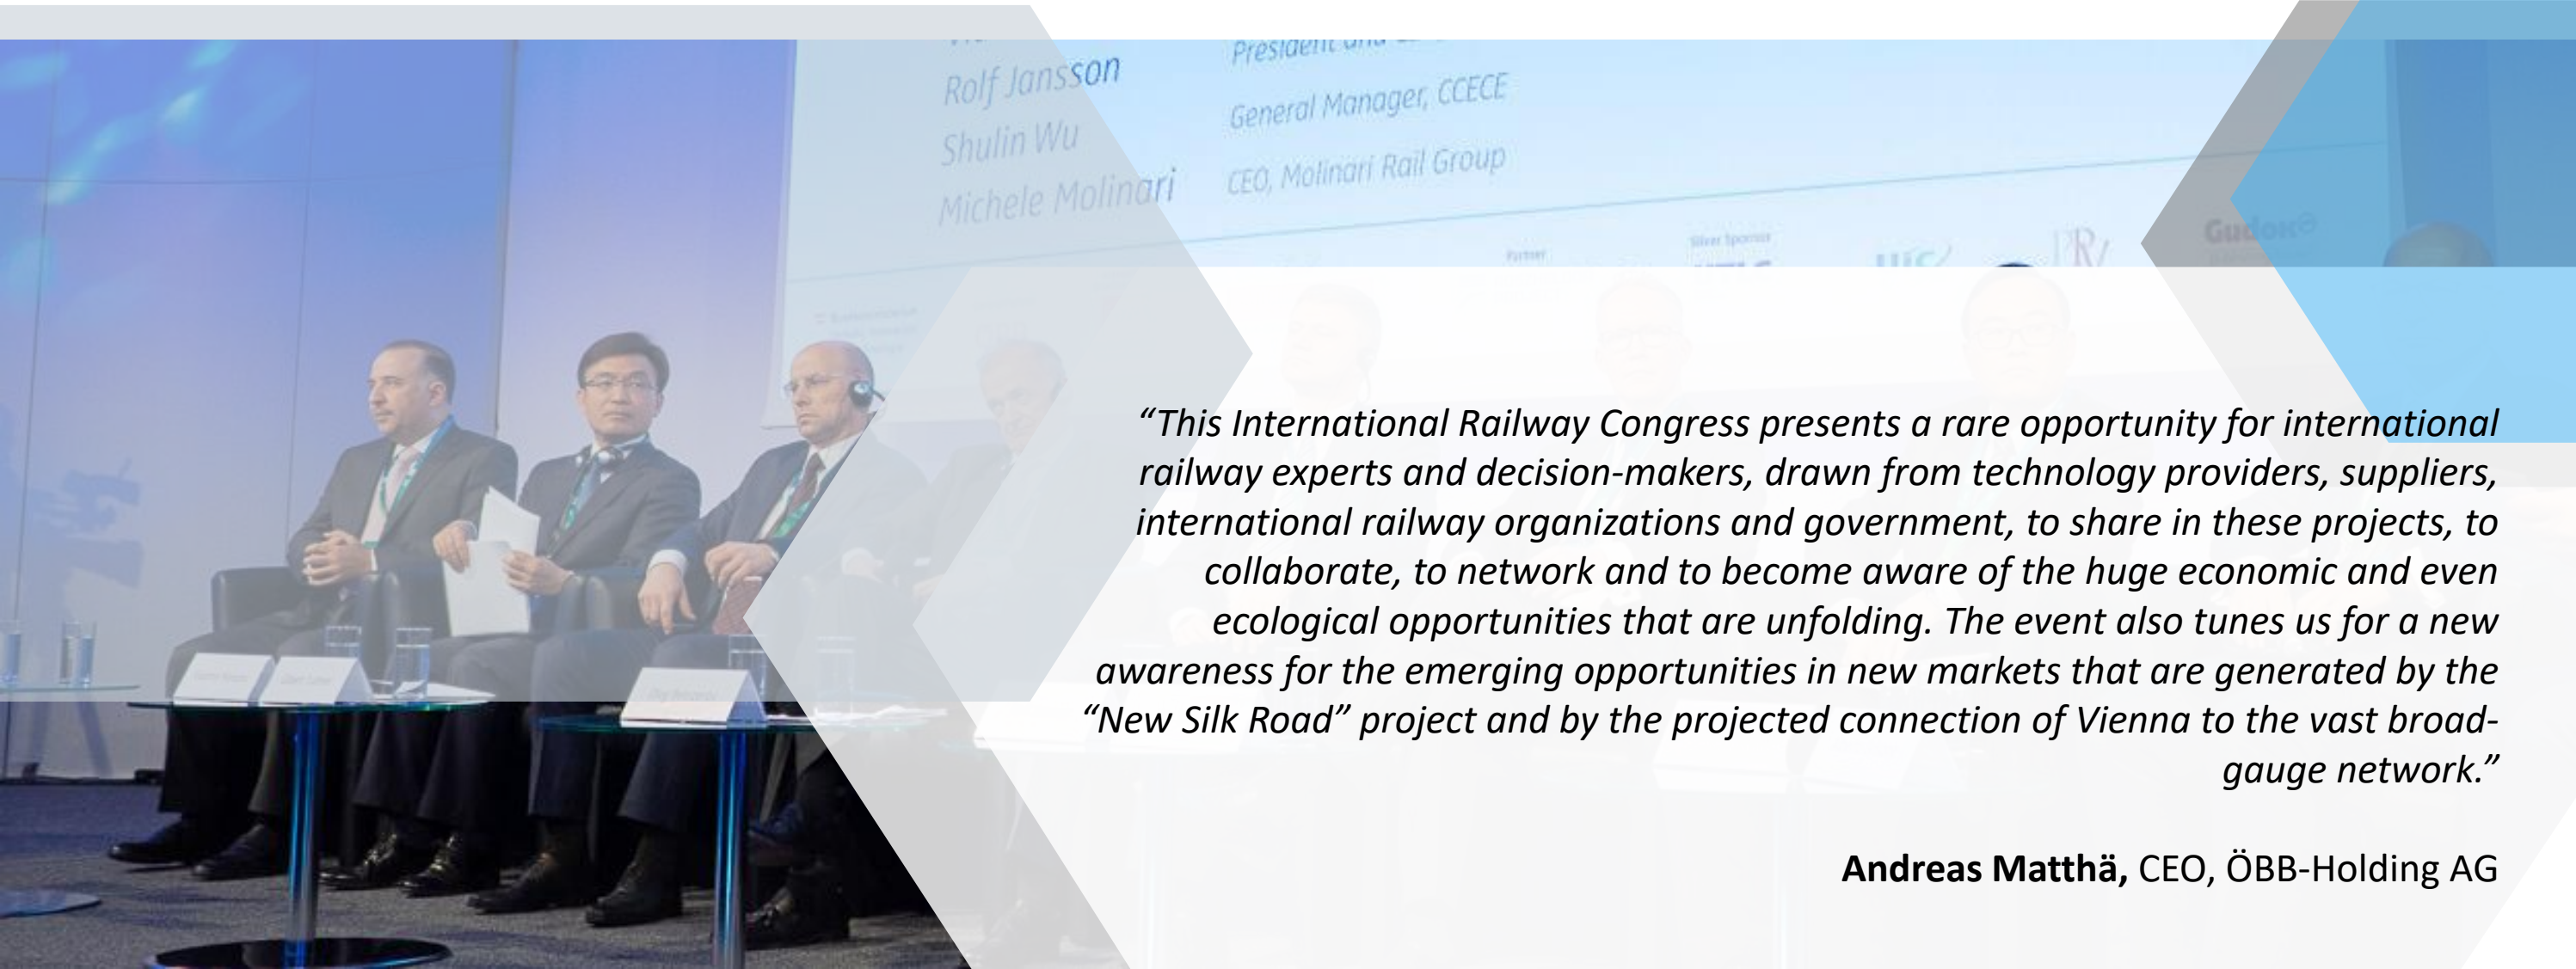

The 2. International Railway Congress will be held under the patronage of the **President of the Republic of Austria, Alexander Van der Bellen**

The **INTERNATIONAL RAILWAY CONGRESS** is the largest business meeting of its kind for senior managers of rail companies and related industries, as well as suppliers and customers with an interest primarily in long-distance cargo transport by rail.

600+ PARTICIPANTS	40 SPEAKERS	9 SIGNED AGREEMENTS
50 COUNTRIES	49 MASS MEDIA	6 SESSIONS

Rolf Jansson
Shulin Wu
Michele Molinari

President and
General Manager, CCECE

CEO, Molinari Rail Group

“This International Railway Congress presents a rare opportunity for international railway experts and decision-makers, drawn from technology providers, suppliers, international railway organizations and government, to share in these projects, to collaborate, to network and to become aware of the huge economic and even ecological opportunities that are unfolding. The event also tunes us for a new awareness for the emerging opportunities in new markets that are generated by the “New Silk Road” project and by the projected connection of Vienna to the vast broad-gauge network.”

Andreas Matthä, CEO, ÖBB-Holding AG

“Together with ports we are implementing a large project, related to the modernization of the infrastructure approaches to the ports of southern Russia. This is a big investment aimed at removing infrastructure restrictions. The task is to ensure that goods, formed throughout the country, including in the south of Russia, can be freely delivered to the ports for further export.”

Anatoly Mescheryakov, State Secretary – Deputy Chief Executive Officer, Russian Railways

“In the direct dialogue mode, we will talk about the prospects for cargo flows to the ports of the Azov-Black Sea basin and how to improve the management system for these cargo flows, the organization of multimodal transport and the development of digital services for all types of transport, the need for an integrated and customer-oriented approach to carriers.”

Vladimir Pyastolov, Head of the North-Caucasus Railway - branch of Russian Railways

“Kaliningrad region is a unique area not only due to its geographical location and economic development. Here we meet excellent professionals always full of business ideas, ready to develop new products, knowing how to use the uniqueness of its region in a right way.”

Alexey Shilo, Deputy Managing Director of Russian Railways - Head of the Corporate Transport Service Centre

“The advantages and benefits of the routes, we have announced in 2018, are not just a marketing hook, but the result of competencies, accumulated by Kaliningrad Railway, which approve great transit potential of our region.”

Victor Golomolzin, Head of Kaliningrad Railway – Branch of Russian Railways

PRO//MOTION.EXPO is the only railway biennale in the wide-gauge area and the largest railway exhibition in Eastern Europe and the CIS countries represented by wide number of full-scale exhibits.

“This global communication platform for many years has been attracting attention of those, who’s life and work are concentrated on functioning of rail transport not only in Russia, but in the whole world.

32 countries, more than 700 companies – these figures prove great development dynamics, demonstrated by Russian Railways and Russian engineering industry.”

Maxim Akimov,

Deputy Prime Minister of the Russian Federation

“By approving long- term development program JSC “RZD” has determined the key goals of the industry development for the nearest future. The special attention is dedicated to the issues of rolling stock renewal, infrastructure projects development and integration of digital solutions. That is why the organization of the main exhibition of achievements in the field of railway engineering, machinery and technologies, as well as the opportunity to exchange experience and outline future development horizons are very important for the industry as never before!”

Oleg Belozеров, Chief Executive Officer - Chairman of the Executive Board, JSC “Russian Railways”
