«Chemical Park Tagil»

Geography and General Info

- Population of Nizhny Tagil comprises about 390 thousand people.
- Major local and regional industries are ferrous metallurgy, machine building, metalworking and chemical industry.
- The regional and administrative center of Sverdlovsk region Yekaterinburg is located in 146km from Nizhny Tagil.

Logistic Connections

Regional highway P353 to Yekaterinburg – 10 km away from Chempark. Access to federal highway M5.

River harbor in Perm – 370 km away from Nizhny Tagil

Federal Sverdlovsk railway road – 300 meters away from the site

Customs post "Nizhnetagilsky" - 5km away from the site

Site characteristic

- The site is defined in a cadastral passport as "the land of settlements." Encumbrance of land is not registered.
- The site is owned by JSC "Uralchimplast" that a certificate of state registration.
- The main type of permitted use for the operation of the industrial site with rail tracks, which fully corresponds to the current use of the site.

Chempark Infrastructure

- Various energy resources available on site
- Connection to energy resources supply points free of charge!
- Waste water treatment on owned up-to-date purification system
- Industrial garbage landfill
- Thermal treatment furnaces for chemical runoffs
- On-site truck road system total length about 35 km
- On-site railway road system total length about 35 km
- Logistic services and warehouse facilities for raw materials and finished products
- Pipeline connections on site
- Chempark area is under security check

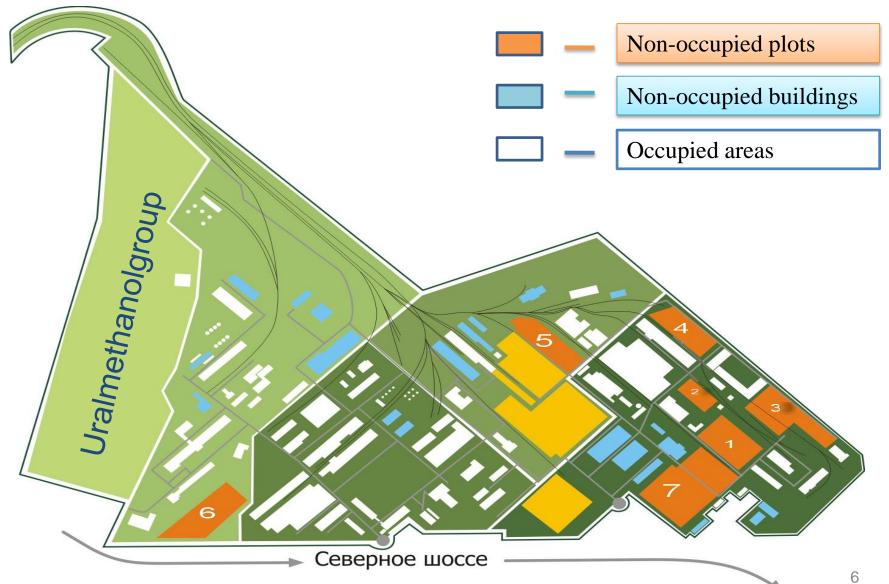

Chemical Park Tagil Area Outline

Energy Resources Available on Site

Resource Type	Max. Total Capacity	Available Free Capacity
Natural gas	40 000 m³ / h	25 000 m³ / h
Power supply	52.5 mW	40 mW
Heat supply (steam)	90 Gcal / h	35 Gcal / h
Water supply	1220 m³ / h	800 m³ / h
Waste water purification and treatment facilities	5 200 m³ / h	870 m³ / h
Nitrogen	200 m³ / h	120 m³ / h
Compressed air	7800 m³ / h	2500 m³ / h

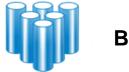

Major Residents & Projects

Burovik

URALCHIMPLASTIMP

Current Projects

Total investment— 80 mln. rub.

Capacity — 2 500 tn/y.

Manufacture of adhesive agents and rust inhibitors.

Total investment – 19 bln. rub. Capacity– 600 000 tn/y. Manufacture of methanol

Total investment— 420 mln. rub. Capacity— 25 000 tn/y. Manufacture of the foundry & cast resins

Biological Water Treatment Units

Advantages of Chempark «Tagil» Full range of support services for residents

ChemPark	Focus of a Resident	ChemPark
Ecology	R&D	Repair service
Power generation	Marketing	Infrastructure
Analytics	Production	PR
Safety arrangements and precautions	Troduction	Medical services
Lawyer's services	Sales	Fire protection service

Cooperation with «Skolkovo» technopark

Industrial Trial Units to be located on the territory of Chempark Tagil Certified test and research laboratory

Financial Preferences & Cooperation

Welcome to Chemical Park Tagil!

CJSC MC Chempark Tagil.

622001, Nizhny Tagil, Sverdlovsk region, Russia.

Severnoe shosse 21, of. 7.

+7/3435/346201

+7/3435/346321

Industrial Park Summary		
industrial Fark Sufficiency	Actual Data	Future Vision
General Info		
General info		
Name Region of the Russian Federation	Chemical Park Tagil Sverdlovsk Region	
Industrial park type	Brounfeeld	
Industrial park address	Nizhniy Tagil, Severnoe shosse, 21	
Managing company name Managing company address	JSC MC Chemicalpark Tagil Nizhniy Tagil, Severnoe shosse, 21,office 7	
Industrial park assets owner	JSC Uralchimplast	
Ownership form Web-site	private	
Development concept availability	www.chptagil.com yes	
Contact person	Igor Gerdt	
Contact details	Phone: (3435) 34 60 40; mob.: +79122425655;	
	e-mail: l.gerdt@ucp.ru	
Industry sector	chemical industry - production	
Logistics / transport connections		
Distance to the nearest city, km	0	
Distance to regional centre, km Distance to Moscow, km	Ekaterinburg-140 2300	
Nearest truck road: name and disctance to park, km	Severnoe shosse - at the park border	
Truck roads on the park territory	yes - total length of 35 km	
Connection to railway roads Railway load / offload platform	yes yes	
Railway roads on the park territory	yes - total length of 25 km	
Distance to the nearest international airport, km	Koltsovo airport - 160 km Perm - 440 km	
Distance to the nearest river port,km Distance to the nearest sea port,km	St. Petersburg, 2592 km	
Infrastructure / land plots		
Plots info		
Total site area, Ha Unoccupied site area - available for residents, Ha	146. Option to increase to 206 Ha available 25. Option to increase available.	
Land plots definition in accordance with legal requirements	plot for the use as indutrial production site with	
Decuments confirming plot disposition rights	railway roads availability	
Documents confirming plot disposition rights	available yes - of separate plots	
Site land survey	yes - or separate piots	
Engineering research on site		
Availability of plots geological pre-basis of land (yes / no) Engineering - geodetic survey (yes / no)	yes yes - separate plots	
Engineering - geological survey (yes / no)	yes -separate plots	
Engineering - meteorological research (yes / no) Engineering - ecological survey (yes / no)	no no	
Archaeological survey (yes / no)	N/A	
Aerial photography (yes / no) State examination of engineering survey (yes / no)	no no	
	1	
Production facilities / buildings Production and warehouse facilities - total area, sq.m.	around 120 000	
Production and warehouse facilities - total unoccupied area, sq.m.	around 30 000	
Max. height of buildings, m	13	
Offices		
Offices - total area, sq.m	around 11 000	
	around 11 000 around 2 000	
Offices - total area, sq.m		
Offices - total area, sq.m Offices - total unoccupied area,sq.m. Resources		
Offices - total area, sq.m Offices - total unoccupied area,sq.m. Resources Electricity	around 2 000	
Offices - total area, sq.m Offices - total unoccupied area,sq.m. Resources Electricity Total power (MVt)	around 2 000 50 MVt. Power of owned generating unit - 2,5 MVt	
Offices - total area, sq.m Offices - total unoccupied area,sq.m. Resources Electricity	50 MVt. Power of owned generating unit - 2,5 MVt 35 MVt.	
Offices - total area, sq.m Offices - total unoccupied area,sq.m. Resources Electricity Total power (MVt) Power available for residents (MVt) Availability of electricity supply and maintenance concept Availability of engineering layout plan for electricity supply chains	50 MVt. Power of owned generating unit - 2,5 MVt 35 MVt. yes yes	
Offices - total area, sq.m Offices - total unoccupied area,sq.m. Resources Electricity Total power (MVt) Power available for residents (MVt) Availability of electricity supply and maintenance concept Availability of engineering layout plan for electricity supply chains Connection to electricity supply unit cost, rub	around 2 000 50 MVt. Power of owned generating unit - 2,5 MVt 35 MVt. yes yes free of charge
